INTRODUCTION

Sticks & Blobs is a series of books designed to incrementally teach children to “musically” read notation. The aim is to equip them to be able to sight sing which gives them the skill of being able to read music and hear what it will sound like in their heads before playing it on an instrument. The quality of instrumental playing is transformed using this concept. The table below gives a rough guideline of which books can be used for each year group.

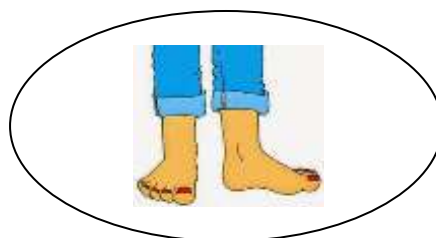

[illegible]

CONTENTS

- 1) Chocolate Treats**
- 2) Chinese New Year**
